Literature																																																
1.The man who counted stars																																																
2. The open window																																																
3.A naughty little comet																																																
Language																																																
CH 1,2,3,4																																																
Chapter 1. Sentences																																																
Chapter 2. Kind s of Nouns																																																
Chapter 3. Nou ns – Number and Gender																																																
Chapter 4. Arti cles																																																
Literature																																																
The velveteen Rabbit becomes real																																																
2. The mystery of the cyber friend																																																
3. Rathers																																																
4.Yes women can																																																
5. Childhood memories																																																
6. Nat finds a home																																																
7. weekend																																																
8. Tarzan is born																																																
Language																																																
CH 5,6,7,8,9,10																																																
Chapter 1. Pronouns																																																
Chapter 2. Adjectives																																																
Chapter 3. Verbs																																																
Chapter 4. Subject-Verb Agreement																																																
Chapter 5. Tenses																																																
Chapter 6. Modals																																																
Letters, Paragraph, Comprehension.																																																
Literature																																																
1.Fables																																																
2. Whistles and shaving																																																
3. The sounds in the evening																																																
Language																																																
Voice,conjunctions																																																
Literature																																																
1.Whoduunts																																																
2.A Mysterious guest																																																
3.Poem pair																																																
4.Savitribai and Jyotirao Phule																																																
Language-1.speech																																																
2. adverbs																																																
3 Preposition																																																
Letter																																																
Paragraph, Comprehension, Report Writing, Notice																																																
Mathematics	<table border="1"> <tr><td>1. Number System</td></tr> <tr><td>2. Integers</td></tr> </table>	1. Number System	2. Integers	<table border="1"> <tr><td>1. Whole Numbers</td></tr> <tr><td>2. Prime Time</td></tr> <tr><td>3. Number Play</td></tr> <tr><td>4. Fractions</td></tr> <tr><td>5. Lines and angles</td></tr> </table>	1. Whole Numbers	2. Prime Time	3. Number Play	4. Fractions	5. Lines and angles	<table border="1"> <tr><td>1. Decimals</td></tr> <tr><td>2. Constructors</td></tr> </table>	1. Decimals	2. Constructors	<table border="1"> <tr><td>1. Mathematical Pattern</td></tr> <tr><td>2. Symmetry</td></tr> <tr><td>3. Perimeter and Area</td></tr> <tr><td>4. Data Handling</td></tr> </table>	1. Mathematical Pattern	2. Symmetry	3. Perimeter and Area	4. Data Handling																															
1. Number System																																																
2. Integers																																																
1. Whole Numbers																																																
2. Prime Time																																																
3. Number Play																																																
4. Fractions																																																
5. Lines and angles																																																
1. Decimals																																																
2. Constructors																																																
1. Mathematical Pattern																																																
2. Symmetry																																																
3. Perimeter and Area																																																
4. Data Handling																																																
Science	<table border="1"> <tr><td>1. Components of Food</td></tr> </table>	1. Components of Food	<table border="1"> <tr><td>1. Getting to know Plants</td></tr> </table>	1. Getting to know Plants	<table border="1"> <tr><td>1. Body Movements</td></tr> </table>	1. Body Movements	<table border="1"> <tr><td>1. The Living Organisms and their</td></tr> </table>	1. The Living Organisms and their																																								
1. Components of Food																																																
1. Getting to know Plants																																																
1. Body Movements																																																
1. The Living Organisms and their																																																

	2. Motion and Measurements of Distances.	2. Light, Shadows and Reflections 3. Sorting Materials into groups. 4. Separation of Substances.	2. Electricity and circuits	surroundings 2. Fun with Magnets 3. Air around us.
